(b) Organization of the work of the session

3. *Background:* The twenty-ninth session of the SBI will be held from Monday, 1 December to Wednesday, 10 December 2008.² A detailed schedule of the session will be posted on the UNFCCC website.

4. The SBI, at its twenty-fourth session,³ recommended that meetings should normally end by 6 p.m. but may, in exceptional circumstances, continue to no later than 9 p.m. The session will be organized taking into account this limitation of available meeting time. Priority will be given to issues requiring a decision or action at SBI 29, the fourteenth session of the Conference of the Parties (COP) or the fourth session of the Conference of the Parties serving as the meeting of the Parties to the Kyoto Protocol (CMP). Items that are not concluded at this session will be forwarded to the SBI for consideration at its thirtieth session.

5. Given that six bodies will be meeting during the sessional period, the time available for contact groups and informal consultations will be very limited. To maximize the use of meeting time, the Chairs of the subsidiary bodies may, where possible and appropriate, propose that the co-chairs of negotiating groups facilitate agreement by tabling initial draft conclusions at the first meeting of the negotiating groups, based on relevant submissions and statements made during plenary meetings, and taking into account any previous negotiations and/or conclusions. In accordance with the conclusions adopted by the SBI at its twenty-fourth session,⁴ representatives of Parties and international organizations are requested to keep their oral statements as brief as possible. Those representatives wishing to make available a written statement should bring copies for distribution.

6. *Action:* The SBI will be invited to agree on the organization of the work of the session.

7. Parties are invited to refer to the overview of the session posted on the UNFCCC website and to consult the Daily Programme, published during the session, for a detailed and up-to-date schedule of the work of the SBI.

8. When considering relevant agenda items, Parties are also invited to take into account information contained in document FCCC/SB/2007/INF.2, on the relationship of various provisions of the Mauritius Strategy for the Further Implementation of the Programme of Action for the Sustainable Development of Small Island Developing States to the work of the Convention and its Kyoto Protocol.

(c) Election of officers other than the Chair

9. *Background:* Pursuant to rule 27 of the draft rules of procedure⁵ being applied, the SBI shall elect its Vice-Chair and Rapporteur. At the request of the President of the COP at its thirteenth session, consultations with the coordinators of the regional groups were initiated at SBI 28, together with the consultations on the election of members of the other Convention and Kyoto Protocol bodies. If necessary, further consultations will be held during the session. Parties are invited to recall decision 36/CP.7 and to give active consideration to the nomination of women for elective posts in any body established under the Convention or its Kyoto Protocol. The current officers of the SBI will remain in office until their successors are elected.

10. *Action:* The SBI will be invited to elect its Vice-Chair and Rapporteur at the earliest opportunity following completion of consultations.

(d) Election of replacement officers

11. *Background:* Pursuant to Article 15, paragraph 3, of the Kyoto Protocol, when the SBI exercises its functions with regard to matters concerning the Kyoto Protocol, any member of its Bureau representing a State that is a Party to the Convention but, at that time, not a Party to the Kyoto Protocol, shall be replaced by an additional member to be elected by and from among the Parties to the Protocol. If necessary, further consultations with the coordinators of the regional groups will be undertaken.

12. *Action:* If necessary, the SBI will be invited to elect additional officers to replace the Vice-Chair and/or Rapporteur representing a State that is a Party to the Convention but not a Party to the Kyoto Protocol.

consider the adoption of further guidance, as appropriate, at COP 14. The SBI, at its twenty-sixth session, invited the Least Developed Countries Expert Group (LEG) to report at SBI 29 views on the experiences gained from the implementation of national adaptation programmes of action (NAPAs) and in accessing the LDCF.¹³ The SBI also invited Parties and intergovernmental organizations to submit to the secretariat, by 19 September 2008, information on the implementation of NAPAs, including on accessing funds from the LDCF, for consideration by the SBI at its twenty-ninth session. The SBI decided to continue its deliberations on this matter at SBI 29, taking into account the submissions mentioned above, the report of the stocktaking meeting of the LEG held in September 2007 and information provided by the GEF in its report to COP 13.¹⁴

6. Implementation of Article 4, paragraphs 8 and 9, of the Convention

(a) Progress on the implementation of decision 1/CP.10

29. *Background:* The COP, by its decision 1/CP.10, decided to assess, at its fourteenth session, the status of implementation of Article 4, paragraph 8, of the Convention, decision 5/CP.7 and decision 1/CP.10, and to consider further action thereon. At its twenty-eighth session, the SBI agreed on the terms of reference¹⁵ that will serve as the basis for this assessment. As part of the assessment, the SBI requested the secretariat, under the guidance of the Chair of the SBI, to organize a round table at the twenty-ninth session of the SBI, with the participation of Parties and relevant organizations, to exchange views on experiences, lessons learned and best practices identified by Parties and other relevant organizations at all levels, in planning and implementing adaptation actions and activities to address the adverse effects of climate change and the impact of the implementation of response measures. Further views by Parties and relevant organizations on this matter have been compiled in document FCCC/SBI/2008/MISC.9.

30. The COP, by its decision 1/CP.10, mandated three regional workshops and an expert meeting for small island developing States, in order to facilitate information exchange and integrated assessments to assist in identifying specific adaptation needs and concerns. The SBI continued consideration of the outcomes of these activities at its twenty-eighth session and agreed on the following actions relating to adverse effects of climate change in order to further the implementation of decision 1/CP.10: improving information on accessing existing funds for adaptation; enhancing access to existing funds for adaptation; enhancing national planning for adaptation; and promoting risk management approaches and other appropriate responses to the adverse effects of climate change.¹⁶

¹⁶ FCCC/SBI/2008/8, paragraph 38 (a).

31. The COP, by the same decision, also mandated two pre-sessional expert meetings – one on modelling and financial risk management in conjunction with SBI 23, and the other on economic diversification in conjunction with SBI 24 – in the context of the impact of the implementation of response measures. The SBI continued consideration of the outcome of these meetings at its twenty-eighth session and agreed on the following actions relating to the impact of the implementation of response measures in order to further the implementation of decision 1/CP.10: enhancing practical approaches to address economic diversification in the context of sustainable development; enhancing capacity for the development and use of modelling in the context of assessing the impact of the implementation of response measures; promoting risk management approaches and other appropriate responses to the impact of the implementation of response measures; and encouraging Parties to provide, to the extent possible, information on their experiences and concerns arising from the impact of the implementation of response measures.¹⁷

32. At the same session, the SBI requested the secretariat to strive to engage a wide range of organizations, institutions, experts and communities in the implementation of the activities mentioned in paragraphs 30 and 31 above and in this regard invited relevant organizations and other stakeholders to participate in these activities.¹⁸

33. *Action:* The SBI will be invited to consider ongoing activities and possible further action (taking into account the actions referred to in paras. 30 and 31 above) relating to the adverse effects of climate change and the impact of the implementation of response measures under the Convention, as well as the assessment referred to in paragraph 29 above, and to recommend what further actions may be required by the COP at its fourteenth session. The SBI will also be invited to recommend a draft decision on the status of implementation of Article 4, paragraph 8, and decisions 5/CP.7 and 1/CP.10, taking into account the views of Parties submitted on this issue and the outcomes of the round table as well as the information described in paragraphs 5 and 6 of annex III to the SBI report on its twenty-eighth session,¹⁹ for consideration by the COP at its fourteenth session.

(b) Matters relating to the least developed countries

34. *Background:* The COP, by its decision 8/CP.13, extended the mandate of the LEG under the terms of reference in decision 29/CP.7. The LEG held its thirteenth meeting, the first under its extended mandate, in Sana'a, Yemen, in April 2008 and reported at SBI 28 on its work programme for 2008–2010. The work programme was endorsed by the SBI at its twenty-eighth session. The LEG will hold its fourteenth meeting in Addis Ababa, Ethiopia, from 29 September to 1 October 2008, where it will review its work programme and planned activities for 2008–2009.

7. Development and transfer of technologies

36. *Background:* The COP, by its decision 4/CP.13, requested the GEF to elaborate a strategic programme to scale up the level of investment for technology transfer to help developing countries address their needs for environmentally sound technologies, specifically considering how such a strategic programme might be implemented along with its relationship to existing and emerging activities regarding technology transfer, and to report on its findings for consideration by the SBI at its twenty-eighth session. The SBI, at that session, noted the progress report of the GEF on the elaboration of a strategic programme and looked forward to considering the full report at its twenty-ninth session. Document FCCC/SBI/2008/16 contains the report of the GEF on this matter.

37. The SBI, at its twenty-eighth session, noted the submissions from Parties on their views on elements for the terms of reference for the review and assessment of the effectiveness of the implementation of Article 4, paragraphs 1(c) and 5, of the Convention, referred to in decision 4/CP.13, paragraph 7, and the synthesis report of the secretariat of those views.²⁰ The SBI requested its Chair to prepare draft terms of reference for this review for consideration by the SBI at its twenty-ninth session, taking into account the submissions from Parties, the deliberation among Parties at SBI 28 and the relevant work of the Expert Group on Technology Transfer (EGTT). Document FCCC/SBI/2008/17 contains the draft terms of reference for the review.

38. The COP, by its decision 3/CP.13, requested the EGTT to provide a report at each session of the subsidiary bodies with a view to seeking guidance for further actions. The SBI and the Subsidiary Body for Scientific and Technological Advice (SBSTA), at their twenty-eighth sessions, endorsed the rolling programme of work of the EGTT for 2008–2009. The report on the implementation of the programme of work of the EGTT for 2008 is contained in document FCCC/SB/2008/INF.5.

39. The SBSTA, at its twenty-eighth session, also endorsed the terms of reference for the EGTT to develop performance indicators and to identify, analyse and assess financing resources and vehicles to support the development, deployment, diffusion and transfer of technologies.²¹ At its first regular meeting held in May 2008, the EGTT developed and agreed on the terms of reference for elaborating a strategy paper for the long-term perspective beyond 2012, including sectoral approaches, to facilitate the development, deployment, diffusion and transfer of technologies under the Convention.²² As requested by the terms of reference, the interim reports of the above-mentioned tasks by the EGTT, which may also provide input to the work under the Ad Hoc Working Group on Long-term Cooperative Action under the Convention, will be considered by the subsidiary bodies at their twenty-ninth sessions. These reports are contained in documents FCCC/SB/2008/INF.6, FCCC/SB/2008/INF.7 and FCCC/SB/2008/INF.8.

40. In line with the conclusions of the SBI at its twenty-eighth session,²³ the Chairs of the SBI and the SBSTA will propose how the subsidiary bodies will consider the issues of common interest in an efficient manner.

41. *Action:* The SBI will be invited, taking into consideration related work of other subsidiary bodies, to:

- (a) Consider the report prepared by the GEF on a strategic programme to scale up the level of investment for technology transfer (document FCCC/SBI/2008/16), and determine any further actions arising from this;

42. *Background:* The COP, by its decision 4/CP.12, invited Parties to submit annually information on activities undertaken to implement decisions 2/CP.7 and 2/CP.10 related to the framework for capacity-building in developing countries, such as needs and gaps, experiences and lessons learned. By the same decision, the COP requested the secretariat to produce an annual synthesis report in accordance with decision 2/CP.7, paragraph 9, drawing upon submissions from Parties and information contained in NAPAs, technology needs assessments and national capacity self-assessments. In addition, the GEF was requested to provide an annual report on its progress in support of the implementation of the framework in its reports to the COP.

43. The COP, at its thirteenth session,²⁴ invited Parties to submit to the secretariat, by 15 August 2008, information on their experiences with monitoring and evaluation of capacity-building at the national level, for consideration by the SBI at its twenty-ninth session. 48. The CMP, at its third session,²⁶ invited Parties to submit to the secretariat, by 15 August 2008, information on their experiences with monitoring and evaluation of capacity-building at the national level, for consideration by the SBI at its twenty-ninth session. The CMP also decided that this review shall be completed within 12 months of its initiation and that a report shall be forwarded expeditiously to the CMP and the Compliance Committee.

51. The CMP, by its decision 26/CMP.1, requested the secretariat to organize the initial reviews, in conjunction with the review of the GHG inventories submitted in 2006, in such a way that each initial review is completed no later than one year from the date of submission of the initial report.

52. As at 31 July 2008, 38 Annex I Parties had submitted their initial reports.²⁸ Expert review teams coordinated by the secretariat have conducted 37 initial reviews and one more is scheduled for October 2008.
